

THE WOMEN OF BASKET

The Premier League Women have seen their numbers opponents with an average of thirty points and dwindle over the past two years, however, this looks set scoring an average of 67 points per game, you can to change for the 2019/2020 season, as the YBL have been to clubs who are actively seeking women to join their already climbing numbers. Clubs like; West Brom, Spartans, Coventry and Shrewsbury have women's University training regularly. Hopefully, these teams will be ready for action come September.

In addition to the Women's league for next season, the YBL are looking to run two Juniors Women's leagues for 12, 13, 14 and 15, 16, 17 year olds leagues, CVL or 3on3, depending on interest from clubs, this will be discussed at the YBL Conference in July 2019.

Congratulations to Lasers, being the Team of the Week, the frst women's team to achieve this. Last years league and cup winners, Lasers continue with a strong for the Summer Women's Tournament. winning streak, with a 5-0 run. Beating their

Assistant Coach Interview

You're top of the league unbeaten how have you achieved this?

We have been around for quite a long time as a team and we really work well together. We have a lot of experienced players which bring a lot to the game.

You're averaging nearly 70 points a game and keeping teams to around 35-40 points. How are you able to do this?

The experience really helps and because of our experience we know a lot of the players were coming up against. This makes it easier to plan defensive match ups. Last game we managed to not let the other team score in the first quarter. Offensively we work hard at training every week and give it our all on the court.

Having a squad that's been together a long time. If someone was looking to get in to the sport for the first time would your team accommodate for this.

Yes, definitely were all about participation and development. We accept any new players and players who are looking to get back in to the sport. Sadly the amount of woman playing has been decreasing over the last few years, so it would be great to see more players coming and having a go.

Get your club noticed on the YBL weekly video, let us talk about your club or team; send us your action shots, free-throw clips, and any pictures to be mentioned in our videos. It saves you looking at our faces! Send to info@ybl.org.uk.

2019/2020 Regular Season

Entries open Friday 1 February 2019 - Entry Forms can be located in the 'Downloads' section of the website

Our Leagues

U9 CVL*

Proposed Two Groups A & B (being 8 years old or below on 1 Sept 2019)

U11 CVL*

Proposed Four Groups; A, B, C & D (being 10 years old or below on 1 Sept 2019)

The YBL Mini League is an open competition for boys and girls under the ages of 9 and 11. These mini-leagues cater for the growing demand for basketball for younger children. It allows younger players and coaches to play in competitive local leagues developing and strengthening their team before following the YBL pathway into Junior YBL.

Matches will be played at various central venues across the YBL on either a Saturday or a Sunday across the Midlands, Gloucestershire, Hereford and Worcestershire, Shropshire, Leicestershire and borders

These leagues will be 4on4 playing two halves of five minutes per game, averaging five games per CVL; with four or five CVLs being run throughout the season, culminating in the YBL Championships Finals.

JUNIOR YBL

East Mids

South West

East Mids

Central

Junior YBL Leagues provide development for coaches, players and officials, giving them the opportunity to showcase developing talent playing in competitive leagues. The leagues provide a pathway through to Senior YBL, NBL, EABL and the Aspire.
