Warriors' Battlefront	
West Brom Saturday 16 March 2019 14:00	Frankley Falcons Saturday 23 March 2019 10:15

Coach Everton Forbes
Why did you choose to enter the YBL this year?
I thought National League would be slightly too tough for us this year and we have a few guys who will benefit from being in more of a development style league. We do have some strong players but they have still got to develop all parts of their game.

How have you managed to stay unbeaten this season? What have you been working on?
I'm a firm believer on working on every aspect of the game and to try and play out all different types of scenarios in training. This will allow them to be ready for any challenge they face and not be a one dimensional team. Obviously we work on the fundamentals but we push ourselves further.

With your sights set in finishing first is there anything you're telling the team to focus on?
They need to not get ahead of themselves and push themselves in every training session. We have a strong starting five but they cannot play the whole game so we need to make sure we develop as a whole team. Nothing is a given - teams play a lot differently on their home turf and expect some tough competitive games against some of the sides when we travel away.

LEAGUE FOCUS: U17 WEST

Competitive league comes to mind when talking about the U17W league as several dozen results were extremely close.

Shropshire Warriors and the Frankley Falcons was a one point game, could Falcons return the favour when the Warriors travel to Birmingham in March? Or will West Brom get the one over when Shropshire Warriors come to them for the return leg? West Brom losing out to a four point game. Or will third place WBA D-Squad have the power to break the Warriors winning streak on their return leg?

West Brom and Spartans had a two point game early on in the season. Walsall 99ers and West Brom 11 point game. WBA D-Squad and Leadonites, one point game! Some very close games and the return games should be just as close and entertaining.

FRANKLEY FALCONS

Game Results	League Position	WON/LOSS	Average Points Per Game
	2	5³	73.25
Oct 75-74 SHROP. WARRIORS -1			
Oct 67-79 WALSALL 99ERS +12			
Nov 74-60 WEST BROM +14 H
