Nuneaton Preds Bball @NuneatonBball

Good performance from our U15s yesterday away at Worcester, kept it competitive for the first 3 quarters, unfortunately just lost our way in the 4th and it escaped us. Unlucky guys. On to...

SITTING IN SECOND

CVL GROUP 1 - Coventry Tornados II
 CVL GROUP 2 - West Brom Basketball
 CVL GROUP 3 - Worcester Bears

Worcester Bears have shown they have no trouble scoring the ball and have the ability to really shut good teams down to scoring low points. They have shown continuous growth as when they have played top of the league CoB Rockets they have made it a tougher game every time they face each other.

West Brom may be in second place but they are joint top on points. It all comes down to their match up against top of the table CoB Rockets White. They have struggled to put the points in the board which they have no problem against other teams. It's interesting that when they play Bournville Bears who are close in third they have been dominant in every match up.

Coventry Tornados are in second place but only by two points to local rivals Coventry Elite. Of the 3 match ups played 2 games have been within 2 points and one decided by 4 points. This makes for a very exciting game to watch and as you can see from other games played their ability to steal the ball and put high amounts of points on other teams is what makes them strong contenders for the top spot.

THE WAIT IS NEARLY OVER!
