The Forthcoming Season

Are you ready to go?

Welcome to the YBL

Are you prepared?

Are you registered/licensed?

Your club needs to be registered with Basketball England (BE) and be a registered club within PlayHQ to be able to participate in the YBL.

All participants must be affiliated to Basketball England, as a club or as a individual member and apply for a licence that reflects the role they will be fulfilling for the season, player, coach, referee for example.

Use the check list

The check list on the next page will help your club and teams make sure they have everything ready for the forthcoming season.

Link to the YBL

All clubs participating within the YBL should accept the invitation to participate within the YBL. A=

Within your club portal, you can create teams and place your coaches and players within those teams.

Players, coaches and officials at your club should link their personal portal to your club.

More information about current rules around registration can be found on the Club Admin Page on the YBL website.
