## Development Success

Getting back on court for players and officials

return to play pictures from ybl staff

### Return to Play

**Tournaments...** have been a huge success with over a hundred players participating in tournaments over the last few weekends. We have the U17 RTP this Sunday 1 August to finish of the series.

To add to the great days, the development of officials has been high on the YBL's 'to do' list for the RTP tournaments. There has been some excellent feedback from the observers and those participating. Will you be on one of the YBL's courts soon?

**Courses done...** The YBL have already completed three courses over the last few months as part of our new Development Programme. Our first Level 1 Statistician Course was a great success, following by our Basic First Aid Awareness Course and our first club based Level 1 Referee Course. We are now planning twelve courses over the course of the Summer and more YBL clubs are coming forward every week with their interest.
