

# YOUR OPINION

Consultation closes

2022/2023 Season

James Davies

Over the last few weeks the YBL consultations have taken place with our clubs and members.

The consultations were to enable us to get an insight from your perspective.

The first explored leagues and competitions, the second we wanted to understand club costings and finally we used social media to engage with players and spectators seeking feedback on their YBL experience.

The process provided us us some great feedback and insight which we can use to shape the YBL.

The consultation will be one of the agenda items at the annual YBL conference where the YBL team will talk about the consultation process, and how we have used the information to influence our preparation for next season.

We will also be inviting all those who were involved in the process via social media to participate in the conference to see how their involvement has helped shape the future of the YBL.

## YBL CONFERENCE 2022

Date set

[ybl@ybl.org.uk](mailto:ybl@ybl.org.uk)

Over the next few weeks invitations will be going out for the YBL conference.

We found that holding meetings online enables you to save time and money by not having to travel to a venue. We do miss seeing you in person but we know your time is precious. We will send the agenda just before the conference but if you have any points you wish to raise please get in touch with James or drop us an email by Monday 24th May 2022.
